

**Standard Features**

# Concept 3s *by Horton* Type III Chevrolet

## Chassis

Model.....	Chevrolet G3500 With YF2 Ambulance Package
Wheelbase and CA.....	139", 80" CA
Engine.....	6.6L Diesel
GVW.....	12,300 lbs.
Wheels and Tires.....	(7) 225/75R16E
Wheel Covers.....	(4) Polished Stainless
Alternator.....	(2) 145 Amp
Batteries.....	(2) 770 CCA
Engine Hour Meter.....	(1)
Mirrors.....	Velvac Heated Remote
Seats.....	Cloth High Back Bucket
Driver and Passenger Air Bags.....	Yes
Trim Level.....	.25D Preferred Equipment
Radio/CD.....	AM/FM/CD
Fuel Tank Capacity.....	33 Gallons
Running Boards.....	Aluminum Diamond Plate
Cab Ceiling Lights.....	(2) LED Red/White

## Body

Length and Width.....	149" x 96"
Headroom.....	72"
Curbside Entry.....	3" Drop Skirt
Number of Compartments.....	(4) Scorpion Lined
Body Skin Thickness.....	.125"
Body Skin Alloy.....	5052H34
Body Vertical Structure.....	2" X 2" Square Tube, .125" Wall
Compartment Thickness.....	.090"
	(volume in cubic feet)
Cubic Foot Storage (total).....	114.34
Exterior Compartments.....	57.68
Inside/Outside Compartment.....	21.95
Main Wall.....	27.4
Squad Bench.....	7.3
Rear Step.....	Lift Up Style with Grip Strut
	Center

ICC Lights.....	LED
Rub Rails.....	Diamond Plate
Rear Door Hold Opens.....	Grabber Style. Chrome
Door Handles.....	TriMark Chrome Plated

Lock System.....	Power Locks on Access Doors
Structural Sub Flooring.....	2" X 3" Tubing with .250" Wall
Sub Floor Sheet Thickness.....	.090" Aluminum Plate
Corner Guards.....	Diamond plate

## Interior Patient Area Cabinets

Cabinet Construction.....	Composite and Aluminum, .5"
Cabinet Configuration.....	ALS
Inside/Outside Storage.....	Right Front of Body
Cabinet Doors.....	Plexiglas and Solid
Sliding Cabinet Door Handles.....	Full Height Extruded Aluminum
Solid Door Handles.....	Recessed Stainless Southco
Drug Locker.....	Yes

## Patient Area Accessories

Sub Floor.....	.090" Aluminum Plate Plus .5" Composite
Flooring Material.....	Commercial Grade Armstrong Medley
Walls.....	High Density Aluminum Composite
Headliner.....	High Density Aluminum Composite
Interior Door Panels.....	Formica Covered .090" Aluminum
Windows.....	Extruded Aluminum Frames
Front Bulkhead.....	Hinged Walkthrough Door
IV Provisions.....	(2) Recessed Cast Products with Rubber Stabilizer Arms
Grab Rails.....	(1) 6' 1.25" Diameter Stainless Steel
Interior Door Grab Handles.....	(3) Angled 1.25" Diameter Stainless Steel, (1) On Each Access Door
Side Door Hold Open.....	Gas Piston, Double Action Style
Squad Bench Hold Opens.....	Gas Piston Style
Squad Bench Cushion Latch.....	Positive Recessed Paddle Handle Style
Work Counters.....	Avonite
Cot Mount.....	FW 175-4 for ALS
Attendant Seat.....	Child Safety on Swivel base
Seat Belts.....	All Seating Positions with Enclosed Retractors
Interior Door Reflectors.....	2"x12" Red Scotchlite

## Electronic O<sub>2</sub> and Vacuum Systems

Oxygen System .....	Horton Electronically Controlled System
Oxygen Regulator .....	Victor 50 Lb. Preset
Bottle Pressure Indicator.....	Digital Readout On Patient and Driver Consoles
Line Pressure Indicator .....	Digital Readout On Patient and Driver Consoles
Outlets .....	Ohio Style (2) Inhalation Area (1) Over Squad Bench
Vacuum System .....	(1) Impact Electric
Pressure Warnings.....	Audible and Visual Warnings on Driver and Attendant Console for High and Low Pressure
Oxygen Bracket: .....	Zico QRM-V with Wrench

## Electronic System

System Design .....	Horton Concept 3 Solid State Multiplexed System
Switch Style.....	Silicone Technology, LED Lighted
Switch Ratings .....	One Million Cycles
Switch Panel Style.....	Flush Mounted
Information Centers.....	Digital Message Centers on Front and Rear Consoles
Panel Backlighting System .....	LED
System Features: .....	No Load Starting, Load Management, Diagnostics, Vehicle System Status, Oxygen Management, Low Voltage Warning, Discreet Door Open Warnings, Patient Status, Digital amperage and Voltage

## Patient Area Heating and A/C

Unit Style.....	ProAir 650 CFM
Capacity .....	32,000 BTU Cool, 65,000 BTU Heat
Static Intake.....	Side Mounted
Power Exhaust.....	Side Mounted
A/C Compressor.....	OEM
Condensor .....	Chassis OEM
Control System.....	Automatic Climate Control

## Interior/Exterior Illumination

Dome Light Style/Quantity .....	(7) LED Lights
Control System.....	Horton Adjustable Intensity
Attendant Area Illumination.....	(2) LED Report Lights

Stepwell Light: .....	(1) LED
Running Board Lights .....	(1) each side, wired to cab doors
Side Scene Lights .....	(4) 900 Series Whelen Halogen with Chrome Bezels. (2) each side
